BOARDING AGREEMENT

VACCINATION & FLEA PREVENTION REQUIREMENT

For the safety and well-being of all of our beloved fur friends, all pets are required to be up to date on vaccinations and must be on flea prevention.

Exceptions may be made on a case-by-case basis if you provide a written letter from your veterinarian that states otherwise.

By signing, you acknowledge the vaccination and flea prevention requirements and agree to provide a copy of your pets' current vaccination records or letter from your veterinarian within 7 days of your scheduled visit. Failure to do so will result in the immediate cancellation of your pets' visit.

CANCELLATION POLICY

I understand that things happen and cancellations are sometimes necessary. When this happens, please let me know as soon as possible so I can accommodate another family.

If I am not informed at least 10 days prior to your pets' visit, a \$50 nonrefundable deposit will be required prior to scheduling any future visits.

ITEMS TO BRING WITH YOU

In order to accommodate dietary needs and keep your pet feeling happy and healthy, owners are expected to provide all food needed for the duration of your pets' stay.

All dogs are also required to have a collar or harness suitable for walking.

You may also wish to bring your pet's favorite safe treats as well as any special toys or blankets that may make your pet feel more at home. Please do not bring rawhides or anything that may be a choking hazard. We reserve the right to restrict access to any additional items if we deem them to be a safety concern.
